Truce

Nick Lancellotti

Now the night is coming to an end
Ooo
The sun will rise and we will try again
Ooo
Stay alive, stay alive for me
You will die
But now your life is free
Take pride in what is sure to die
I will fear the night again
Ooo
I hope it's not your only friend
Ooo
Stay alive, stay alive for me
You will die
But now your life is free
Take pride in what is sure to die
(Music plays out)
