

# We Got The Chronic

## Kottonmouth Kings

We got the chronic

We got the chronic

We got the chronic

We got the chronic

We got the chronic

[chorus]

We come through with a gang of smoke (man)

all we do is getting? high off these tokes (man)

these people know that we ain't no joke (man)

The Kottonmouth Kings we just keep on smokin'

We come through with a gang of smoke (man)

all we do is getting? high off these tokes (man)

these people know that we ain't no joke (man)

The Kottonmouth Kings we just keep on smokin'

Yo, we from the home of the brave

Land of the free where we blazed all day

Where the low lows bounce and the palm trees sway

California's one ?state when the shit pops out

The west coast don't play

So move bitch, Get out my way, Get out my way

I said move bitch, Get out my way

Stay the fuck out my face or you might get blazed

You ask any motherfucker whos got the chronic

And there gonna tell you Johnny Richter's always on it

Unlike the government, I'm only being honest

'Cause the bong rips I pack are the bombest

I got everybody callin 'cause they want it

The cops want me so bad, I got a warrent

They just packers when I?m out Yo i always flaunt it

In a shirt that match a hat that reads "I got the chronic"

[chorus]

We come through with a gang of smoke (man)

all we do is getting? high off these tokes (man)

these people know we ain't no joke (man)

The Kottonmouth Kings we just keep on smokin'

We come through with a gang of smoke (man)

all we do is getting? high off these tokes (man)

these people know we ain't no joke (man)

The Kottonmouth Kings we just keep on smokin'

We got the chronic - And it aint no lie  
I'm comin' through the door glasses straight Chinese eyed  
Lookin? like an Asian, eye lids on tilt  
Blazen like Jamacian, ya'll know how I feel  
I'm smokin chronic - And i'm gettin super ripped  
Green crack, I'm trippin on some bugged out shit  
Johnny Ric's about the blow off a big bong rip  
And next then he passed to Loc, Yo its time to take that hit  
Bang Bang, Light 'em up, Hurry up, Wassup  
Where the weed? Where the chronic? Grab the beer, roll a blunt  
Double Double Double Double Double dash give a fuck  
Dgaf waht the fuck, you can suck my nuts

I said, all you punks talk shit suck nuts  
'Cause my weeds bomb, and your weed sucks  
I said, all you punks talk shit suck nuts  
You can ride this dick, uh, until I cum.

[chorus]

We come through with a gang of smoke (man)  
all we do is getting? high off these tokes (man)  
these people know that we ain't no joke (man)  
The Kottonmouth Kings we just keep on smokin'  
We come through with a gang of smoke (man)  
all we do is getting? high off these tokes (man)  
these people know that we ain't no joke (man)  
The Kottonmouth Kings we just keep on smokin'  
We got the chronic - Bang Bang light 'em up  
We got the chronic - You know we still dont give a fuck  
We got the chronic - See we 10 years deep  
We got the, we got the, we got the boomin? cd?s  
We got the chronic so we 'gon light it up  
Cause we got the chronic and what you got is bud  
I said, we got the chronic and we ?gon burn a bag  
'Cause we got the chronic and what you got is Schwag  
I'm not a stoner but i do get stoned  
I'm known to put it down on this microphone  
Get High Times mag sent straight to my home  
Got my bong in my sack so I'm never alone, well...  
I ain't a hippy but I'm covered in dirt  
Sippin lots of mushroom tea in a tye-dye shirt  
Chasin' the Grateful Dead, no shoes on my feet  
Beggin' in the parking lot for something to eat, see...  
I'm not a gangster but I'm down for my shit  
I'll tell ya now son, I'm fully equipped  
Got a glock nine milly if you wanna get silly

But I'd rather kick back and get ripped (get ripped)

[chorus]

We come through with a gang of smoke (man)  
all we do is getting? high off these tokes (man)  
these people know that we ain't no joke (man)

The Kottonmouth Kings we just keep on smokin'

We come through with a gang of smoke (man)  
all we do is getting? high off these tokes (man)  
these people know that we ain't no joke (man)

The Kottonmouth Kings we just keep on smokin'

We got the chronic - Bang Bang light 'em up

We got the chronic - You know we still dont give a fuck

We got the chronic - See we 10 years deep

We got the, we got the, we got the boomin? cd?s

we got the, we got the boomin? cd?s

we got the, we got the boomin? cd?s

we got the, we got the boomin? cd?s
