

Sexuality (Angel Moraes Main Mix)

[k.d. lang](#)

Come on, come on
Shed the skin that's held you in
Held you far too long Now how bad could it be?
If you should fall in love with me
How bad could it be? Sexuality Come on, come on
Kiss away the ones who say
The lust you feel is wrong Now how bad could it be?
If you amuse yourself with me
How bad could it be? Sexuality Release yourself upon me
Free the hounds of chastity
Unleash your sexuality on me How bad could it be?
If you should lose yourself in me
How bad could it be? Sexuality Release yourself upon me
Free the hounds of chastity
Unleash your sexuality on me Release yourself upon me
Free the hounds of chastity
Unleash your sexuality on me
