Please Pass This Message on

Emma Forman

Oh Oh Chinese whipsers and our lives lay ruined
Just want to reach you
Please somebody tell her that I will love her right to the end
Please somebody tell her I don't want no other
I don't want no other
Please somebody tell her I will love her right to the end
Please pass a message on for me
There'll be no other
There'll be no other
Please pass this message on for me
Tell her I truely love her
Truely love her
Oh Rumours can kill you
Rumours can destroy you
It's such a shame
Please tell her I only speak the truth
I wish she could see that
Please somebody reach her
Please someone pass the message on before it all has gone too wrong
Please somebody reach her
Pass this message on
Please somebody reach her
Tell her I'd wait
Please reach her
Tell her I'll love no other
and that I'll love her until my dying day
Oh please somebody reach her
Please somebody reach her
Please somebody reach her
