## Reign the Arcade

Just a few more miles  
You wink at me and smile, oh yeah  
We're crossing state lines  
Cuz California is yours and baby it's mine  
Baby it's mine Can't have forget our plans when you offer me an open hand  
Cuz in your palm is all we have in store  
Our dreams are kites and together they will soar, oh oh, oh oh oh  
Let's drive until our tires meet the shore, oh oh, oh oh oh Surfside (Oh, Oh Oh)  
New tides (Oh, Oh Oh)  
Just a few miles more Your sunkissed face  
Our names in the hot sand you trace  
You brought us here so let's stay out,  
lets stay here for years and years (years and years) Sometimes the sun won't stay, and we'll put up umbrellas to  
stay dry  
Once in a while the coast will storm,  
and we'll break the clouds standing arm in arm Cuz in your palm is all we have in store  
Our dreams are kites and together they will soar, oh oh, oh oh oh  
Cuz in your palm is all we have in store  
Our dreams are kites and together they will soar, oh oh, oh oh oh  
Let's drive until our tires meet the shore, oh oh, oh oh oh Surfside (Oh, Oh Oh)  
New Tide (Oh, Oh Oh)  
Surfside (Oh, Oh Oh)  
New Tide (Oh, Oh Oh)  
Surfside (Oh, Oh Oh)  
New Tide (Oh, Oh Oh)  
Just a few miles more
