

# When It Cuts

## III NiÃ±o

I cannot justify your envy  
But I will be understanding when you stay  
Then I will satisfy you in every  
But I'm not feeling coherent when you say  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I die again  
Again  
Though I'm right, I don't think I'll win this fight  
But I'm trying though it's ripping me inside  
Just in case that I'm taking up your space  
I'll be feeling too, whatever's left inside  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I die again  
I can't go on  
I'm not that strong  
I'm so alone  
You just gotta set me free  
I'm still living day, no way  
I don't care what you say  
Your eyes despise my lies  
Just say goodbye  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I  
When it cuts, it cuts, it cuts hard  
And I

When it cuts, it cuts, it cuts hard  
And I die again  
Again, again  
Waste your breath
