

Sex On the Beach

Jamie Foxx

Have you ever been to Southeast tipsing with your bottles in the sky?
There's this Puerto Ricans precious gal's got that look up on her eye
What you drinking? I'm drinking champagne
Well I was thinking, what's your campaign? Champagne makes tipsy Patron might make me sick
Attitude and vodka does the trick
Somebody pour me a sex on the beach, sex on the beach
I wanna have sex on the beach, sex on the beach
I wanna rock you, hey Have you ever been to Paris with a model working on your French?
And you let her know you're ballin'
And the coldest player coming off the bench
Well what you're smoking? I smoke that good shit
Across that ocean, but I'm on that hood shit Champagne makes tipsy Patron might make me sick
Attitude and vodka does the trick
Somebody pour me a sex on the beach, sex on the beach
I wanna have sex on the beach, sex on the beach
I wanna rock you, hey If you're drinking like I'm drinking, put your hands in the air
If you're drinking like I'm drinking, put your hands in the air
If you're smoking like I'm smoking, put your hands in the air
If you're smoking like I'm smoking, put your hands in the air If you're, like I'm, put your hands in the air
If you're, like I'm, put your hands in the air
If you're drinking like I'm drinking, put your hands in the air
If you're drinking like I'm drinking, put your hands in the air Hands, hands
Sex on the beach, that's how I like it
Sex on the beach, I wanna have sex on the beach
Sex on the beach, I wanna rock you
