## Emmure

It seems the lower that I go,  
The better I begin to feel.  
I dont want this life,  
If nothing I feel is real.Dont act so concerned.  
I tried my fucking best.  
But letting go was never an option.  
Ive got this hole stuck in my chest.Let go.  
Thats what you said.  
But letting go was never an option.  
I tried my fucking best.Let go.  
Thats what you said.  
But letting go was never an option.  
I tried my fucking best.You said it was never goodbye.  
Liar!It seems the lower that I go,  
The better I begin to feel.  
I dont want this life,  
If nothing I feel is real.Dont act so concerned.  
I tried my fucking best.  
But letting go was never an option.  
Ive got this hole stuck in my chest.I dont expect you to understand.  
What I lost in you,  
Im never getting back.  
And you dont care. (x2)Let go.  
Thats what you said.  
But letting go was never an option.  
I tried my fucking best.Let go.  
Thats what you said.  
But letting go was never an option.  
I tried my fucking best.
