

Shine With Me

P.O.D.

So why don't you come with me
Take a trip to the other side?
Where you, you and I, we can sing, we can fly
We can dance as the stars go by.
And if the heavens should open up
With a vision inside 'Jah love
The earth, and the moon, and the sun will align
With the voice from the sky above
One love.[Chorus]
So come on and shine with me
Like the beautiful star you are.
So come on and shine with me
Shine with me Float through the sky
And look through my eyes
And then you will see what happens.
Nowhere to hide, look deep down inside
In life you must take your chances
And come with me, and you will see
My love is like La La La La La La...
And come with me, and you will see
One love.[Chorus]
So come on and shine with me
Like the beautiful star you are.
And leave it behind with me
'Cause forever is not that far
So come on and shine with me
Like the beautiful star you are.
And leave it behind with me
And shine with me.[x4]
Shine On! Shine On! Shine On! One Love![Chorus]
So come on and shine with me
Like the beautiful star you are.
And leave it behind with me
'Cause forever is not that far
So come on and shine with me
Like the beautiful star you are.
And leave it behind with me
And shine with me. Shine with me

Shine with me
