

# Camouflage Hat

Jason Aldean

You can find 'em 'bout sundown friday  
Comin' out of them fields for the highway  
First stop texaco fill a cooler full of cold beer Paycheck sittin' on the console  
Gotta get it in the bank fore the doors close  
Call your boys get your girl time to throw it in another gear Here they come rollin' down mainstreet  
A country song spinnin' on a cd  
Small town lookin' for good time  
Raise a little hell and a drink at the county line  
Muddy boots, muddy tires  
Wrap your baby in your jacket by the fire  
Yeah the girls 'round here they got it bad  
For good ol' boys in a camouflage hat  
Country girls know how to love  
And how to pretty up a pick up truck  
Fallin' for a rolled up flannel under tailgate stars  
And country boys they hold 'em tight  
Best believe they gonna treat 'em right  
'Cause they'll be dealin' with a daddy if they break their heart Yeah here they come rollin' down mainstreet  
A country song spinnin' on a cd  
Small town lookin' for good time  
Raise a little hell and a drink at the county line  
Muddy boots, muddy tires  
Wrap your baby in your jacket by the fire  
Yeah the girls 'round here they got it bad  
For good ol' boys in a camouflage Layin' on the seat or up on the dashboard  
Let her put it on and you'll never get it back boy  
Yeah camouflage hat  
Yeah here they come rollin' down mainstreet  
A country song spinnin' on a cd  
Small town lookin' for good time  
Raise a little hell and a drink at the county line  
Muddy boots, muddy tires  
Wrap your baby in your jacket by the fire  
Yeah the girls 'round here they got it bad  
For good ol' boys in a camouflage hat  
Yeah camouflage hat  
Yeah camouflage hat  
Yeah
