Was It the Acid?

Direct Hit!

We were lost on a blacken ocean
On a boat made out of sticks
We were tossed in the frost
And attacked emotion
Got a [?] weighed down by bricksMade of gold which we sold and removed with powers
We could not quite understand
Sing out to,
to groove of the birds and flowers
They were all under our command
So we sailed onSoon we found that we'd be landing as the pink clouds blew away
Heard a crash
Ran aground on the beach the sand it didnt seemed how it seemed yesterday
Felt it creek
Then our skin was a weird companion
So we climbed on a magic wave
That took us deep
To the brig and expensive canyon
Where we found ourselves a caveJust to talk
To discuss what happened to us
Was it drugs or another occurance as just?Was it real, was it just the acid?
Was it real, was it just the acid?
Was it real, was it just the acid?
Was it real, was it just the acid?
Naa na na na na na
Naa na na na na na naSo we called to a magic carpet
With intent to sail away
Told the [?]
In the place where we made our home
We didnt know quite where we'd staySo we flew to a land that was made of ice cream
And made our way down to the core
Like the way we were beforeYeah we sailed on!
Yeah we sailed on and on and on and on and on and onWas it real, was it just the acid?
Was it real, was it just the acid?
Was it real, was it just the acid?
Was it real, was it just the acid?Naa na na na na na
Naa na na na na na na
Naa na na na na naJust to talk
To discuss what happened to us
Was it drugs or another occurance or what?
