

Dusted

Belly

Baby's playing dead in cellar
Gave her water just got paler
Grass stains, backburns, she's a screamer
She's just dusted, leave her If you see her, don't upset her
Never seems to get much better
Grass stains, backburns, she's a screamer
She's just dusted leave her Her "mmmmmm"
Goes to your heart
Her "mmmmmm"
Sticks in your head Baby's playing dead in cellar
Gave her water, she got paler
Grass stains, backburns, she's a screamer
She's just dusted, leave her
