

# Caves

## Saxmeister

I'm caught somewhere in between  
Alive and living a dream  
No peace, just clicking machines  
In the quiet of compazine  
The walls caved in on me  
And she sings my bird dressed in white  
And she stings my arm in the night  
I lay still, still I'm ready to fight  
Have my lungs but you can't take my sight  
The walls caved in tonight  
And out here I watch the sun circle the earth  
The marrows collide in rebirth  
In God's glory praise  
The spirit calls out from the caves  
The walls fell and there I lay saved  
The walls are caving in  
As far as I can see  
The walls are caving in  
The doors got locked for sure  
There's no one here but me  
Beat my body like a rag doll  
You stuck the needles in my hip  
Said, "We're not gonna lie  
Son, you just might die  
Get you on that morphine drip, drip"  
The walls are caving in  
As far as I can see  
The walls are caving in  
The doors got locked for sure  
There's no one here but me  
I fought a war to walk a gang plank  
Into a life I left behind  
Windows leading to the past  
Think it's time I broke some glass  
Get this history off my mind, yeah  
And what if we were married forever  
Like the past never happened  
And time did not exist for us at all  
I think we'd still be traveling together

Through all kinds of weather  
Everything's a piece of everyone  
As far as I can see  
Walls are caving in  
Doors got locked for sure  
But I see these doors have keys  
Walls are caving in  
As far as I can see  
The walls are caving in  
Doors got locked for sure  
There's no one here but me, oh  
There's no one here but me  
No one here but me, yeah  
There's no one here but me  
No one here but me
