

Secret Smile (Album Version)

Rascal Flatts

Whoa! Hey, hey
Oh what a ride
What a perfect sky to frame
Your hazel eyes
I'd scream on the inside
But right now it feels like I've
Been tranquilized
Oh, what a fool am I
To be tongue-tied
Sitting next to her
The princess and the passenger You touch the rain and suddenly
There's waterfalls
Now every day is something more
Worth fighting for [Chorus] Baby, you make the sun shine down
You make the sun shine down
You can paint the darkest clouds
And turn them into rainbows
You take your secret smile
The one that turns me on
Hey girl, you've been what I've waited for Feet back on the pavement to the
Basement
On the bright side of the road
Fumbling my lines to a lazy cat
On the step outside her door
She opens up
And I'm in the Polaroid
Standing next to her
The princess and the passenger Touching the rain and suddenly
There's waterfalls
Now every day is something more
Worth living for [Chorus x2] On a day like this when the world
Is elevated
On a day like this when I know just
Why I waited
On a day like this when the world
Is elevated
On a day like this when I know just
Why I waited
