

Always Sisters (with Angie and Debbie Winans)

CeCe Winans

Always sisters, always friends, my mate
Always sisters, always friends, my mate Always sisters, always friends
Let's stay real close till the end
Forgiving each other, letting love cover
Always sisters, always friends We have to live in harmony
Even though we may disagree
'Cause fighting each other is not the answer
Sharing the greatest gift, ooh Let's be enriched with peace and love
Having compassion from above
Never forsaking, just understanding
Ain't that what families are made of Always sisters, always friends No matter what may come or go
We stick together and it shows
This bond between us, foundation is trust
That's what true family is all about Always sisters, always friends
Let's stay real close till the end
Forgiving each other, letting love cover
Always sisters, always friends We really gotta learn, we gotta learn to love each other
I need to stick real close by your side
There's no way that we can live without each other
So why do we try, why do we try? Always sisters, always friends
Let's stay real close till the end
Forgiving each other, letting love cover
Always sisters, always friends
Always sisters, always friends Forever and always
You know, I'm gonna be with you, always
Forever and always
No matter what you're going through, always Forever and always
(Always sisters, always friends, my mate)
You know, I'm gonna be with you, always
Forever and always
(Always sisters, always friends, my mate)
No matter what you're going through, always
I'm going to be here by your side Always sisters, always friends, my mate
Always sisters, always friends, my mate
