Prince of Arabia

Toy-Box

Prince of Arabia (x2)I live in a castle and I wear a crown,
'cause I am a prince, but I'm feeling alone
I am a girl from a faraway land,
I've come to your kingdom, 'cause I am in loveTell me pretty lady, am I the one
Tell me could you love someone like me
Will you fight a dragon for my honour
Maybe this is destinyCHORUS
Prince of Arabia - She's coming to steal your heart
Prince of Arabia - I've travelled in time just to be where you are
Prince of Arabia - She's coming to steal your heart
Prince of Arabia - I've travelled in time just to be where you areThe desert the ocean the night and the stars
They're waiting to see who will capture my heart
I think this is magic, I'm under a spell
I've been lead to you - I just follow the starsTell me pretty lady, am I the one
Tell me could you love someone like me
Will you fight a dragon for my honour
Maybe this is destinyRepeat CHORUS(Break)Repeat CHORUS
