

Just Another Night

Mick Jagger

JUST ANOTHER NIGHT Mick Jagger Just another night with you Give me just another night Give me just another kiss Just before the dawn breaks through Cause I'm homesick And I'm hurting I was lonely till I saw you at the station Feel a little down and blue Hurting baby just like you And I never thought You'd keep our rendezvous Baby it's true Give me just another night Give me just another kiss Just before the dawn breaks through Just another night with you Cause I'm hungry Hungry for you loving baby Thirsty for your loving baby And I'm thirsty And a one day pass to heaven is so hard to find And a one night pass Ain't really what I had in mind I need your sweet tenderness I need your soft caress Don't take away your loving I know the day is coming Can't you see that I'm human Just because you've seen my face Just because you know my name I'm a stranger in this town Can't I have my ups and downs Can't you see that I'm human I get hungry, get thirsty I get moody I need your love I need attention I need your love I want your love Give me just another night Just another night with you Cause I'm freezing in this Hundred dollar hotel room Don't make me leave you No don't you be so cruel
