

Where You Wanna Be

Brandy

Unh
You know what?
On the real
Mmm, uh
Me and you
We been through
So much that we
Need to start of new
You need to choose
Don't be confused
I think it's time, time that you
Tell me where you wanna?
Be with me
Or be with her
This whole ordeal
Is such a blur
See I was prepared
To take a lost
But my heart won't pay the cost
(Oh)
You don't know where you wanna be
You don't have to take my advice
You don't have to compromise
'Cause I know that you don't realize
You don't even see
Where you need to be
Be with them, all your friends
Claim the Clippers is playin' Boston
I won't play sloppy seconds again
Do you wanna play with me
Or play with them?
Tell me where you wanna
(Tell me)
Bein' in love
Is that enough?
When all the problems
Start addin' up
Ladies raise your hands
If you had enough

Scream as loud as you can
If you had enough
'Cause he don't know
(Why don't you know it honey?)
Where he wants to be
(Ooh!)

You don't have to take my advice
(Don't you listen baby)

You don't have to compromise
(There's no need, ohh oh)

Cause I know that you don't realize
(You don't even see no no)

{Hey why you saying that there is something sure, hey come on now}

Where you need to be
Don't talk like that
(Ay, ay, ay)

I promise in all honesty
I honor you, you honor me
For better, worst, rich or poor
Whatever it's gonna be
I'm talkin' bout forever more
The rest of eternity
No need in bein' insecure
I know where I wanna be
I know I made a lot of mistakes
But I can make 'em up, make 'em up
Unless you got your heart
Set on breakin' up
If I can't see your face
Then my day
Ain't even worth wakin' up
Especially with these haters
And no good cases pilin' up
Maybe show you attention
Is somethin' that I ain't done enough
But you got all my love, on all I love
Girl I need you to believe in me
You need to know that I know where I need to be
(Ay, ay)

You don't have to take my advice
(You don't have to take it)

You don't have to compromise
'Cause I know that you don't realize
You don't even see
(Even though I love you)

Where you need to be
(I'm willin' to let it go, ohh)
You don't have to take my advice
You don't have to compromise
'Cause I know that you don't realize
You don't even see
Where you need to be
