Pride

Seether

Take it, break it
Rape it, forsake it
In time you will
Find it, maim it
Thrill it and shame itIn time you will
Steal my pride
Leave me blind
Steal my prideTake it, break it
Rape it, forsake it
Take it, break it
Rape it, forsake itIn time you will
Find me, maim me
Thrill me and shame me
In time you willSteal my pride
Leave me blind
Steal my pride
And leave me blind, blind, blind now
Leave me blind, blind, blind nowI am silence sent to find you
I am violence sent to find you
I am silence sent to find you
I am violence sent to fuck you upTake me and break me
Rape me, forsake me
In time you will
Find me and maim me
And thrill me and shame meIn time you will
Hate me, hate me
Hate me, hate me
Well now kill me
Kill me, kill me, kill meSteal my pride
Leave me blind
Steal my pride
And leave me blind, blind, blind now
Leave me blind, blind, blind now
