Laisse tomber les filles
Laisse tomber les filles
Un jour c'est toi qu'on laissera
Laisse tomber les filles
Laisse tomber les filles
Un jour c'est toi qu'on laissera
Oui j'ai pleuré mais ce jour-là
Non, je ne pleurerai pas
Non, je ne pleurerai pas
Oui j'ai pleuré mais ce jour-là
Je ne pleurerai pas

Je ne pleurerai pas
I guess you had no idea that you could have persuaded me
Girl, you coulda had me doing anything you pleased
Girl, you shoulda took your time and thought of what to say to me
'Cause I'm not as hard as you make it seem to be
It could have went so many ways
So many ways it can go
'Cause ain't nobody feels the way that I feel when I'm alone
So if I said that I won't call
The lying comes natural to me
You probably coulda had it all
You could have been that lonely star
If we just went on
If we just went on, oh yeah
If we just went on

If we just went on
Happiness exists when you don't know a thing
So I hope you don't think this song is about you
And only I can know how close you came
But baby I'm a pro at letting go
I love it when they come and go
But it coulda went so many ways
So many ways it can go
'Cause ain't nobody feels the way that I feel when I'm alone
So if I said that I won't call
The lying comes natural to me
You probably coulda had it all
You coulda been that lonely star
If we just went on, ooh
If we just went on, yeah
If we just went on, oh oh
If we just went on
If we just went on, ooh baby
If we just went on

If we just went on, oh yeah
If we just went on, oh yeah Laisse tomber les filles
Laisse tomber les filles
Un jour c'est toi qu'on laissera
Laisse tomber les filles
Laisse tomber les filles
Un jour c'est toi qu'on laissera Oui j'ai pleuré © mais ce jour-là
Non, je ne pleurerai pas
Non, je ne pleurerai pas
Oui j'ai pleuré © mais ce jour-là
Je ne pleurerai pas
Je ne pleurerai pas
