Ghost

Motorpsycho

Please understand, it doesen't matter
'cus right now you don't exist
You have no place, you have no purpose
And you're never ever missedI hope that you're (flattered),
You've picked the scab of the sore
So utterly wortless, it's a
hollow point that you've scoredIt's a high stakes game you're running
But i'm not playing anymore
It's just endless repetition
And i've heard it all beforeI see you've found a good companion
I think you've got what you desevre.
I understand and i no longer worry
You have a brand new master to serve
Let's stop feeling guilty,
i'm too tired and i'm closing the door
I hope that you're happy
cus I'm not even sure
I really know you anymore
