

# Never Be You

Guy Sebastian

I, I don't know what I should do coz the longer I go  
The more that I know I'm chasin shadows with you

And she is as sweet as she can be  
She's a real bombshell we get along well  
But something is incomplete

Somethins not right but nothins really wrong  
In my heart I can tell that I'm stringin her along  
Tell me what should I do baby I hope your missin me to

[Chorus:]

Coz I can try, I can try but I know I'll never  
I know I'll never fall or give her my all  
Coz she'll never be you  
And I can lie, I can lie and tell you that she's better  
But I'll always compare as long as I am aware  
That she'll never be you

She'll never be no, she'll never be  
She'll never be no, she'll never be  
She'll never be no, she will never be you

I know, yes I know it's far from fair  
How I bought her perfume, the dress and the shoes  
The same that you used to wear  
If I can't get u off my mind I gotta let the girl go  
It's wrong and I know I'm only wasting her time

Somethins' not right but nothins really wrong  
In my heart I can tell that I'm stringin' her along  
Tell me what should I do baby  
I hope your missin' me to

[Repeat Chorus:]

She'll never be no, she'll never be  
She'll never be no, she'll never be  
She'll never be no she will never be you

The harder I try the harder it seems  
And she would be perfect if she was in someone else's dreams  
So we sleep alone baby even when we sleep together

[Repeat Chorus: (2x)]

She'll never be no, she'll never be  
She'll never be no, she'll never be  
She'll never be no she will never be you
