

Punk Rock 101

Diesel Boy

i walk around with my hair all spiked i don't eat meat just beans and =
rice don't talk to me 'cause you don't understand can't you see how truly =
punk rock i am? hey can you spare some change now? 'cause i ain't got no =
home now all i've got to say is fuck the world today and i don't want to =
be free i'll be happy when i die i'll be dirty and poor but i'll have my =
pride don't feel sorry for me that's just how it goes and like that song =

says nobody knows
