

# Along Comes a Woman

## Chicago

There is a time when a man needs somebody to talk to  
Someone to talk to, somebody who'll always be there  
All alone, nothin' seemed to matter  
So alone, doesn't get much better  
Can't explain, somethin' that you're feelin'  
For the very first time  
There was a time when you needed someone to hold onto  
Someone to hold you, somebody who's always sincere  
All alone, suddenly you see her  
So alone, you know you're gonna need her  
Can't explain, somethin' that you're feelin'  
For the very first time  
Then along comes a woman  
There's a change in the way that you're feeling tonight  
Then along comes a woman  
And you know that it's right  
There was a time when you needed somebody to count on  
You needed someone to count on, somebody to care  
Now she's here, nothin' seems to matter  
She's so near, everything is better  
Can't explain, somethin' that you're feelin'  
For the very first time  
Then along comes a woman  
There's a change in the way that you're feeling tonight  
Then along comes a woman  
And you know that it's right  
(And you know that it's right)  
Then along comes a woman  
There's a change in the air that you're breathing tonight  
Then along comes a woman  
And you're holding her tight  
Then along comes a woman  
There's a change in the way that you're feeling tonight  
Then along comes a woman  
And you know that it's right  
(And you know that it's right)  
Then along comes a woman  
There's a change in the air that you're breathing tonight  
Then along comes a woman  
And you're holding her tight
