

Supa Star

Lil' Mo

Who's got the hottest whip
Who's got the hottest chic
Who won't acknowledge it
Who takes care of the kids
Who shows tha most shit
Who talks the most shit
Who's doin' what's what
Who's screwin' who's chic
Who's really full of it who
Stacks the most chips
Who makes the most bids
Who's getting out of it
Who runs the projects
Who's car is the flyest it takes to be
A supa star don't knock it
Till ya try it
Everybody wants to be a supa-star, supa-star
Everybody wants to be a supa-star
Thats what you are, hey, hey
Who got tha most dice
Who's the twenty of lite
Who's really ghetto, ghetto is a state of mind
Who got a lots of [unverified] who got [unverified]
Who called the cops up
Won't somebody stop 'em
Who robbed the bodega asa lama laca

Do we ever think about
Will we ever make it? It's pressure
In these videos, dream cast
And the radio thats the ghetto house coat
Everybody here we go
'Cause I'm in a ghetto state of mind
And I'm just tryin' to get tha hell up
Outta of here 'cause im in a ghetto state of mind
And I'm just tryin' to get tha hell up
Outta here 'cause everybody
'Cause every body wants to shine
Every body wants to live the life

And everybody wants to go where
Everybody knows there name
Everybody recall wants to see there name
In bright lights that's why I gotta get
Outta here 'cause every body wants to be
'Cause every body wants to shine
Every body wants to live the life
And everybody wants to go where
Everybody knows there name
Everybody recall wants to see there name
In bright lights that's why I gotta get
Outta here 'cause every body wants to be
