

As Far As I Can See

Phantogram

I watch the way your mouth is moving
Like a detective at the crime
I study your expression
And read between your lines
You know I've got a deep suspicion
That you're out there playing games
But I never see the faces
I don't know the names
As far as I can see
You belong to me
It's heaven when you smile
I can see the devil in your eyes
It's better for my heart
To keep me in the dark
Are you telling lies or
Someone to believe?
As far as I can see
I get the feeling that you're looking
For another soul to steal
You can feel the hunger
You're looking right at me
You know I've got a deep suspicion
That you're out there playing games
But I never see the faces
I don't know the names
As far as I can see
You belong to me
It's heaven when you smile
I can see the devil in your eyes
It's better for my heart
To keep me in the dark
Are you telling lies or
Someone to believe?
I don't know what it is
That keeps me hanging on
I know there'll come a day
When I'll look and you'll be gone
You'll be gone
As far as I can see

You belong to me
It's heaven when you smile
I can see the devil in your eyes
It's better for my heart
To keep me in the dark
Are you telling lies or
Someone to believe?
As far as I can see
As far as I can see
It's better for my heart
To keep me in the dark
Are you telling lies or
Someone to believe?
As far as I can see
