

# Total Invasion (Album Version)

## Killing Joke

As far as trying to go up against the government, well,  
Unless the whole country did it , I guess..Now you listen to me..  
Just enough water  
For one third of the world  
Oil baron running the government  
So I'll start a warAll votes invalid  
Use any old lie  
Gonna carve up your wealth  
Like pumpkin pieOnly fools won't realize it  
Won't be told that empires run on the old black goldIt's a global abrasion  
It's conflagration  
United nations  
It's a total invasionTerrify them  
Complete submission  
This our goal  
This our mission  
Destroy your customs  
You'll have no say  
We'll clothe your women  
The western wayIt's a Fucking Crusade  
A Lesson In Trade  
So all you intellectuals  
Were gonna invadeIt's a global abrasion  
It's conflagration  
United nations  
It's a total invasionMexico city  
24 million people  
Half a liter a day  
Is their rationThe final push  
The last battle  
Eden restored  
Man is cattle  
We want your oil  
We want your land  
We'll take your wealth  
You'll have much less  
Well change your god  
To the bitch goddess.It's a global abrasion  
It's conflagration

United nations  
It's a total invasionIt's a global abrasion  
It's conflagration  
United nations  
It's a total invasion
