

We Are the Brave

VERIDIA

(We are the brave)
There is an enemy
Dressed as a friend
The picture of deceit
Who knows the end
We are standing here unafraid
In the lions den
'Cause the power strong enough to save
Is running through our veins We are the brave
We'll never break
Whatever it takes
We're gonna make it together
We're chasing out fear
You're not welcome here
Now and forever
Love is always gonna win the fight
Because the blood runs deep inside
We are the brave A storm is on it's way
I can hear the sound
We will bend like trees that sway
But we won't fall down, down
The power strong enough to save
Is running through our veins We are the brave
We'll never break
Whatever it takes
We're gonna make it together
We're chasing out fear
You're not welcome here
Now and forever
Love is always gonna win the fight
Because the blood runs deep inside We are the brave
The power that saves
Lives in our veins
We are the brave Love is gonna win the fight
Fear is gonna run and hide
We're not afraid
We're not afraid Love is gonna win the fight
Fear is gonna run and hide
We're not afraid

We are the brave Love is gonna win the fight

Fear is gonna run and hide

We're not afraid We are the brave

We'll never break

Whatever it takes

We're gonna make it together

We're chasing out fear

You're not welcome here

Now and forever

Love is always gonna win the fight

Because the blood runs deep inside

We are the brave

We are the brave
