

# Spanish Eyes

Peabo Bryson

I met a girl at the carnival  
In Rio de Janeiro  
We danced all night on the boulevard  
In doorways we did the tango I miss her lips and the way she sashayed her hips  
As she shook her shoulders  
I miss the smell of her hair, I don't care  
If it takes my whole life to find her We were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish Eyes  
Spanish Eyes The sun came up and the girl was gone  
Her masquerade was over  
I searched the streets drunk with love  
But no one seemed to know her I miss the touch of her body so much  
I long for the warmth inside her  
Somewhere in time she will come back to me  
And I'll spend my whole life beside her We were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish Eyes I miss her lips and the way she sashayed her hips  
As she shook her shoulders  
I miss the smell of her hair, I don't care  
If it takes my whole life to find her We were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish Eyes We were dancing in the summer rain  
We were dancing through the night  
I never knew her real name  
So I called her Spanish Eyes  
Spanish Eyes
