

Here They Come

Jason Edwards

Here they come and they fly with the power of the sun
Here they come and they're going to touch everyone
Far, far, have they come Here they come and the fire on their wings doesn't burn
Here they come and they know everything we must learn
Round, round, we must turn Watch out, you, sinners
Don't you know that your time has come?
Watch out, you, winners
Now it's the same for everyone Here they come and the stars in their eyes seem to glow
Here they come and the fear in our hearts starts to go
Now, now, now we all know
