

Bitches Crystal

Keith Emerson & Greg Lake

Bitches crystal
Knows how you
Twist all the lines Fortune teller
Future seller
Of time Tortured spirits cry
Fear is in their eyes
Ghostly images die Witches potion
Mixed in the ocean
Of tears Mystical powers
Emerge from the towers
Of fear Tortured spirits cry
Fear is in their eyes
Ghostly images die Evil learning
People burning
Savage casting
No one lasting Witchcraft
Sadness
Madness
Turning in their minds Ritual killings
That swear in
The shillings to be Heretic priestess
Dwells on the
Weakness she sees
Tortured spirits cry Fear is in their eye black moon
