

# Fools Rush In

## Ricky Nelson

Just why do I want you, baby?  
Anyone but a fool would let it be  
    Go on, anywhere you take me  
I don?t want to know what?s pulling me  
    If I fall so deep with my eyes so wide  
But then I hope that feeling isn?t only mine  
    Fools rush in where the wise don?t go  
Fools rush in and I?m a fool for love, baby  
    Fools rush in but the wise don?t know  
    Fools rush in, rush in, rush in, rush in  
    Safe advice, I can?t let it stop me  
    Love don?t wanna know the reason why  
And if we fall so deep with our eyes so wide  
But then I know the feeling isn?t only mine  
    Fools rush in where the wise don?t go  
    Fools rush in and I?m a fool for love, love  
    Fools rush in but the wise don?t know  
    Fools rush in, rush in, rush in, rush in  
And if we fall so deep with our eyes so wide  
But then I know the feeling isn?t only mine  
    Fools rush in where the wise don?t go  
    Fools rush in, yeah, yeah  
    Fools rush in where the wise don?t go  
    Fools rush in and I?m a fool for love, baby  
    Fools rush in but the wise don?t know  
    Fools rush in, rush in, rush in, rush in, rush in  
    Oh, and I?m a fool for love, baby  
    Rush in, rush in, rush in
