

# Rainbows

## Dennis Wilson

Rainbows shining on my shoulders  
Ooh, sunshine warming up my day  
Birds sing and in the air the sound of spring  
And in the wind the flowers bring their presents to the day  
Earth opens up its arms for me  
When you get the feelin'  
The feelin' everything is all right, alright  
And I want you to know, I love you, I love you so  
Night and day  
People love to have a good time  
They're dancing in the golden light  
It'll get you feelin' fine  
Ooh honey, hold me  
I want to feel you close to me  
I want to know the funky things  
You mean everything to me  
Love, I really want to be with you  
I don't have a reason  
I could never tell you why I know  
But I do, honey I love you, I love you so  
Night and day  
Every dance  
Come on baby, come on  
Don't miss our chance  
Oh, let it shine on you  
Oh, let the sun shine, shine, shine  
Let it shine
