Our Weekend Starts On Wednesday

Hey Mercedes

Out of the darkness
Sinks a signal to our sleep
APB for every dream
Dead within the weekHooray
We'll have our own wayOur generation needs
A folly and a fix
Before Friday at six
A kiss then a kick.Hooray
We'll have our sayBecause
Our weekend starts on Wednesday
And we will race the world to get there
Our weekend starts on Wednesday
And we'll replace that weight with grace
Wednesday great dayIf not for deep down guilt
Then I would say
Goddamn any man that says I can't
Amen and all that jazzHooray
We'll have our wayBecause
Our weekend starts on Wednesday
And we'll race the world to get there
Our weekend stars on Wednesday
And we'll replace that weight with grace
Wednesday what a day
