Sensual Groove

Drew Seeley

Just thought that you should know girl
I want to get to know you
And I just couldn't let you pass me by
No,no
Don't be alarmed
Cause I want harm ya
Something drew me to ya
You must know that you got a sexy crazy style
Girl I like the way you move
You got a sensual groove
I didn't catch your name
(I'm Drew)
And maybe if you game
Got a couple things in store for you
Just say goodnight to your group
Girl what you drinking
If it's cool

I was thinking really wanna leave with you
And is it like that
Let me know
I like the way you move
You got a sensual groove
I like the way you move
You got a sensual groove
(And can I break it down)
Baby this just is how I see
You know just what I mean
I like the way you move
You got a sensual groove
I like the way you move
You got a sensual groove
I like the way you move
You got a sensual groove Sensual Groove
