Lean on Love

Jenny Gill

Iâ€™ve got a feelinâ€™
I might be seeinâ€™
Trouble in the back of your eyes

I know itâ€™s not like you
To rock the boat, you try to
Keep it bottled up inside

Letâ€™s get it out in the open
Cuz thereâ€™s nothing, not one thing to be afraid of
Any pain, weâ€™ll get through it
We can do it if we lean on love

Tell me what youâ€™re feelinâ€™
There ainâ€™t no good reason
To hide behind a little white lie

Any kind of problem,
Baby we can solve â€˜em
If we bring 'em out into the light

Letâ€™s get it out in the open
Cuz thereâ€™s nothing, not one thing to be afraid of
Any pain, weâ€™ll get through it
We can do it if we lean on love
If we lean on love

Love is strong enough to hold us
And good love never gives up
Come on, baby

Letâ€™s get it out in the open
Cuz thereâ€™s nothing, not one thing to be afraid of
Any pain, weâ€™ll get through it
We can do it if we lean on love
If we lean on love
If we lean on love
