it's better than any MC that be round herrre
not another man compares
on the mic i'm like Miranda Kerr

its a search ya fire and I'm ya...god
jesus and allah ain't got shit on me
so sing this homie, like

[Chorus]
They wanna give it to me
Baby it's on tonight

They wanna bring it to me
Baby it's on tonight
They wanna sing it with me
I say it's on tonight
Tonight, tonight, tonight
