

# Well Alright

## Los Lonely Boys

Well alright, so I've been foolish  
Well, alright, let people know  
'Bout the dreams and wishes that you wish  
In the night when the lights are low Well alright, well alright  
You know we'll live and love with all our might  
Well alright, well alright  
You know our lifetime love would be alright, yeah Well alright, so I'm not working  
Well alright, let people say  
That those foolish kids can't be ready  
For the love that comes their way Well alright, well alright  
You know we'll live and love with all our might  
Well alright, well alright  
You know our lifetime love would be alright, yeah  
I'm saying now Well alright, so I've been foolish  
Well alright, let people know  
'Bout the dreams and wishes that you wish  
In the night when the lights are low Well alright, well alright  
You know we'll live and love with all our might  
Well alright, well alright  
You know our lifetime love would be alright Well alright, well alright  
You know our lifetime love would be alright  
You know our lifetime love would be alright  
You know our lifetime love would be alright
