

It's So Cruel

Billy Idol

Here I am again, pretty baby, hanging around
Tonight I've been in every bar in town
Here I am again, pretty baby, hanging around
Tonight I have to try out every girl in town
Took some ecstasy in love I took my troubles to the east side
I'm getting messed up on my backside
Wall of blocks A to D
Ended up in somebody else's sheets It's so cruel, I, I, I, I'm round
Without you, without you, babe
It's so cruel, I, I, I, I'm round
Without you Will it ever be over, baby?
Feel my love come on over, over you Here you are again, pretty baby, hanging around
Tonight you walked through all my pleasant dreams
Here I am
You know where I look leads to a late night
Low down, low down scene really mean Took the subway to the east side
I get messed up on my backside
Wall of blocks A to D
Ended up in somebody else's sheets You know that it's so
It's so cruel, I, I, I, I'm round
Without you, without you, baby
You know what I'm talking about
It's so cruel, I, I, I, I'm round
Without you Will it ever be over?
Feel my love slide You know what I'm talking about now
It's so cruel, I, I, I, I'm round
Without you, without you, babe
You know what I'm talking about now
It's so cruel, I, I, I, I'm round
Without you Will it ever be over?
Feel my love come on over, over you, babe
For you babe, for you babe, for you babe
Will it ever be over?
