Weed Out The Weak

Hypocrisy

The cryogenic holocaust
Slows the disease
Give us all a taste of your miracle
We're thirsty for your medicineThe hate burns in our eyes
It's kill or be killed
It's in the nature of the human races' weak mind
To be exterminated by ourselvesJust stab their hearts for nothing
Your greedy soul screams in envy
Kill them all, release the anger
Weed out the weak, you don't need themWeed out the weakExterminate the riff raff
No one will miss you anyway
Clean up the world with an iron fist
Start the harvest of the deadThere's no room for the weakened mind
There's no room for you
There's a new religion coming around the bend
And it's called fuck youJust stab their hearts for nothing
Your greedy soul screams in envy
Kill them all, release the anger
Weed out the weak, you don't need themWeed out the weak, stab them all
Weed out the weakJust stab their hearts for nothing
Your greedy soul screams in envy
Kill them all, release the anger
Weed out the weak, you don't need themJust stab their hearts for nothing
Your greedy soul screams in envy
Kill them all, release the anger
Weed out the weak, you don't need themWeed out the weak
