

Dance Into the Light (2016 Remastered)

Phil Collins

It's there in the eyes of the children
In the faces smiling in the windows
You can come on out, come on open the doors
Brush away the tears of freedom Now we're here, there's no turning back
We have each other
We have one voice Hand in hand we will lay the tracks
Because the train is coming to carry you home Come dance with me
Come on and dance into the light
Oh, oh
Everybody dance into the light There'll be no more hiding in shadows of fear
There'll be no more chains to hold you
The future is yours, you hold the key
And there are no walls with freedom Now we're here, we won't go back
We are one world
We have one voice Side by side we are not afraid
Because the train is coming to carry you home Come dance with me
Come on and dance into the light
Oh oh
Everybody dance into the light Do you see the sun, it's a brand new day
Oh, the world's in your hands, now use it
What's past is past, don't turn around
Brush away the cobwebs of freedom Now we're here, there's no turning back
You have each other
You have one voice Hand in hand you can lay the tracks
Because the train is coming to carry you home Come dance with me
Come on and dance into the light
Oh oh
Everybody dance into the light Oh, oh
Everybody dance into the light
Oh oh
Dance, dance into the light
Oh oh
Come on and dance into the light
Everybody (oh oh)
Come on and dance into the light
Everybody now (oh oh)
Dance into the light Dance (oh oh)
Come on and dance into the light
Everybody now (oh oh)

Come on and dance into the light (into the light)
Oh oh
Everybody dance into the light
Everybody (oh oh)
Everybody, dance into the light (into the light, into the light)
Oh oh
