# Do

## Poplar

I chase down the empty street Is my step the last living beat ?
This beat ? I feel so deep
Slowly dies into ... what da hell did u do ....
Hey mama tell me please
Why is dady workin? so much so hard so late, erasing families ?
Is my kids fate : smoking grass and wait ?
Break it down this wall of silence
I believe in us so give your kids a chance .... What are you gonna do ?
Don't give it up in da name of lifa
I believe in us just give your kids a chance .... What are you gonna do?
She told me to give respect cause i'm too young to give my point of vue
There must be some mistake
cause nothing' s green and blue , what da hell did they do ?
What don't u confess daddy ?
why don't u cry into my arms for good

I need u , you need me
let's be a family and fix the world like we should
Break it down this wall of silence
I believe in us so give your kids a chance .... What are you gonna do ?
(What are you gonna do ?)
(Step it up mamma just don't give it up
Step it up mamma just don't give it up
Step it up mamma just don't give it up
Step it up mamma just don't give it up)
Wake up, bitch, do what you gotta do
Wake up, bitch, do what you gotta do
So give your kids a chance
(Watcha gonna do, watcha gonna do
Watcha gonna do watcha gonna do)
So give your kids a chance
