

Come To Me

Mary Wells

Come on now, come-a, come-a, come-a
Come on now, come-a, come-a, come-a
Come to me, I love you only
Come to me, I'm so lonely
Come to me, I love you only, baby Well, you said you'll be comin' whenever I need you
And you can bet I'm gonna please you
So come runnin', 'cause now I need you baby
Hey hey, you know I miss you baby
Well, come when the lights are burnin' low
I want to hear you knock on my door
Tell me baby that you love me so
Love me, love me, love me 'til you care no more Come to me, oh I miss you
Come to me, I want to kiss you
Come to me, oh I miss you baby
Hey hey, you know I miss you baby
[Repeat] You know that I, I miss you baby
Come on, come on.
