

# Wisdom's Had Its Day

## Magnum

We're hopelessly confused  
Wisdom's had its day  
No one gets excused  
And the world is watching you  
What d'you have to say?  
What d'you have to do?Some wounded in love  
And then there's some covered in bloodNow I'll tell you how I feel  
I'm lost, feeling second-hand  
Do you treasure what you steal?  
Can you tell me where you stand?We have to stand or fall  
All that we believe  
It's right before our eyes  
But if it rings untrue  
Turn your back and leave  
You might fall right through  
Some lie to make do  
And maybe that's your point of viewNow I'll tell you how I feel  
I'm lost, feeling second-handDo you treasure what you steal?  
Can you tell me where you stand?Be still the angel of death  
Spreading your wings 'cross the sky  
Preening yourself for success  
Watching the widows pass by  
And every bullet that's shot  
To every baby that cries  
And all the things we forgot  
As we are waving goodbyeNow I'll tell you how I feel  
I'm lost, feeling second-hand  
Do you treasure what you steal?  
Can you tell me where you stand?  
Now I'll tell you how I feel  
I'm lost, feeling second-hand  
Do you treasure what you steal?  
Can you tell me where you stand?We're hopelessly confused
