Regret

Project Theory

(VERSE 1)
Don't waste your time he's very far from
You he can't return
Try to face the fact he's gone forever
'Till the endEverything has turned to black
Now you just want it back
Try to forget the past
Now or never, it's your chance
Do what you want, do it right
Fight for the rest of your life
Give to yourself a chance to
Forgive all your mistakes(CHORUS)
Try to forget the
Past is away now
Give to yourself a
Chance, to regret all your mistakes(VERSE 2)
Now all the life is right in front of
You don't spend your time
Burn the past and from the ashes
Build your future rightEverything has turned to black
Now you just want it back
Try to forget the past
Now or never, it's your chance
Do what you want, do it right
Fight for the rest of your life
Give to yourself a chance to
Forgive all your mistakes(CHORUS) (x2)
Try to forget the
Past is away now
Give to yourself a
Chance, to regret all your mistakes(BRIDGE) (x2)
Back off, now I'm your enemy, back off you drive me to insanity,
Back off, now I'm your enemy, back off back off I'm not your remedy...(CHORUS) (x2)
Try to forget the
Past is away now
Give to yourself a
Chance, to regret all your mistakes
