

# Voodoo Soul

## Yo Yo Honey

Love's your voodoo baby  
it colours your mellow instinct  
it brings out all your senses  
and shows up all your feelings  
I love your voodoo soul boy.

Colour your mellow instincts  
and free your inner senses  
free, free your inner self,  
your innocence

and lets watch the minutes fly,  
the minutes fly by by  
Oh how the minutes fly  
with your  
voodoo soul  
voodoo soul  
voodoo soul

I love your voodoo soul boy  
I love to watch you dreaming  
It shows up all your secrets  
It tells me how you're feeling  
I love your voodoo soul boy.

Colour your mellow instincts  
and free your inner senses  
free, free your inner self,  
your innocence

and lets watch the minutes fly,  
the minutes fly by by  
Oh how the minutes fly  
with your  
voodoo soul  
voodoo soul  
voodoo soul.
