Heaven or Hell

Gamma Ray

[Music/Lyrics: Hansen]Where will I go now it's all over
Where will I be now all is said and done
Here comes the time, prepare for justice
Seems like my final journey has begunRiding on the wind, there's only one place left to go
Take me to my afterlife, high up or down belowHeaven or Hell - where do we go when we are leaving
Heaven or Hell - whatever comes to set us free
Heaven or Hell - I've gone a long way and I see there's no wishing well
The choice is made, it's heaven or hellI'm not the one who was expected
So I'll return and be from heaven sent
I'm gonna get myself elected
And now I wanna be the president - "Viva el Presidente"Master of the damned I'll be the savior of you all
Take me as a holy god to save you from the fallHeaven or Hell - where is my final destination
Heaven or Hell - whatever comes to set us free
Heaven or Hell - we've gone a long way and we'll see there is no wishing well
The choice is made, it's heaven or hellMaster of the damned, I'll be the savior of you all
I'm your revelation I'm a walking miracleHeaven or Hell - what is our final destination
Heaven or Hell - where do we go from here
Heaven or Hell - we've gone a long way and we see there is no wishing well
The choice is made, it's heaven or hellHeaven or hell
It's heaven or hell
There's no wishing well
It's heaven or hell
