

Feel The Bass (Prod Soundz Tricky Stewart)

Jeremih

Red bottom poppin' and fee
I pour soda, won't you come here
Let me put it on you
I jus' I jus' I just wanna try, try
Sing a lil' lullaby, by
We can move fast, then slow
Amplify me up but please don't blow me
Baby, baby let me light the fuse
Won't you let me show you what it do
Baby, baby maybe we should go
(Somewhere where we could)
Feel the bass,
(Somewhere where we could)
Feel the bass
Boom
Just a little more, oh
(Somewhere where we could)
Feel the bass
(Somewhere where we could)
Feel the bass
Boom
She rip the piece down
I hip the frame pop
Keep the bass bass
Tell, tell the whole block
Woa-a-a tell the whole block
Maybe I should, how you make it sound like that
Gotta fuck around like that
Hold on it, choke it put it down like that
Ain't no other honestly
Bang bang as hard as me
New king in this r&bBaby, baby maybe we should go
(Somewhere where we could)
Feel the bass,
(Somewhere where we could)
Feel the bass
Boom
Just a little more, oh
(Somewhere where we could)

Feel the bass
(Somewhere where we could)
Feel the bass
BoomWhatchu' gon' do
'Cause now I be thinking of you
When I'm hearing this song
Fela-le-le that's what in for you
I'm nothing but the boom
Breaking this off
Whatchu' gon' do
'Cause now I be thinking of you
When I'm hearing this song
Toast it a le-le that's what in for you
I'm nothing but the boom
Breaking this offBaby, baby maybe we should go
(Somewhere where we could)
Feel the bass,
(Somewhere where we could)
Feel the bass
Boom
Just a little more, oh
(Somewhere where we could)
Feel the bass
(Somewhere where we could)
Feel the bass
