Halloween All Year

The Orwells

You're young,
They don't listen, but I believe
Get a knife from the kitchen and follow me
Is it fake? Is it real?
But, I can't see.

Take a drink from the vial, and lie with me.I believe They're looking for meThere's a body on the ceiling looking for me

Get a knife from the kitchen and follow me

But, I can't see
But, I can't see
Follow me
NowYou're young,

They don't listen, but I believe

Get a knife from the kitchen and lie with me

Lie with me
But, I can't see
Is it fake? Is it real?
But, I can't see
I believe
