World Christmas

R. Kelly

Merry Christmas
To all of the worldHearing the bells go ding dong
Hearing the choir sing songs
Letting us know it's Christmas
Time for the world to spread loveI open my eyes
And to my surprise
I've come to realize thatAll around the world it's Christmas
All around the world it's Christmas
All around the world it's Christmas
And I'm so glad to be
Sharing peace and harmony with youLooking out of the window
Seeing the winter white snow
Kiss under the mistletoe
I see the angel's haloI open my eyes
And to my surprise
I've come to realize thatAll around the world it's Christmas
All around the world it's Christmas
All around the world it's Christmas
And I'm so glad to be
Sharing peace and harmony with youSo, come on, come on
A Child is born
Onto us, a KingSo, joy to the world
Women, men, boy and girl
For with this love and Christmas bringsAll around the world it's Christmas
All around the world it's Christmas
All around the world it's Christmas
And I'm so glad to be
Sharing peace and harmony with youAll around the world it's Christmas
All around the world it's Christmas
All around the world it's Christmas
And I'm so glad to be
Sharing peace and harmony with youAll around the world it's Christmas
All around the world it's Christmas
All around the world it's Christmas
And I'm so glad to be
Sharing peace and harmony with youAll around the world it's Christmas
All around the world it's Christmas
All around the world it's Christmas
And I'm so glad to be

Sharing peace and harmony with you
